A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" cures all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes that contains neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of. The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that Dr. Pierce's "Golden Medical Discovery" has the badge of honesty on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

SOFTNESS OF SEALSIN.

As Divided by Human Hair Where Dandruff is Eradicated.

Sealsin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Hericid is the only preparation that attacks the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Sealsin the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Hericid. Sold by leading druggists. Send 10c in stamps to The Hericid Co., Detroit, Mich.

After Lynchers.

Judge A. J. Lincoln, of the Criminal Court in Springfield, Mo., in charging the grand jury yesterday, was bitter in his statements. After reciting the causes that led up to the calling together of the jury he said:

"This outrage deserves the condemnation of all good citizens and the most rigid investigation at your hands. All persons, their aiders and abettors engaged in that shameful outrage are guilty, under the law, of murder in the first degree. The law makes it no less a crime because 200 men engaged in the consummation of the crime than if one man alone and under cover of night committed the offense. Crime never becomes lawful because multitudes seek to give it sanction. Mob violence never has and never can accomplish good. Lawlessness places all things and all men in peril. Let the lash fall where it may. You should indict every man proved to your reasonable satisfaction to be guilty. Whether friend or foe, rich or poor, high or low, wherever you find guilt, let that guilt be punished. The path of safety lies in the most vigorous, rigid and exhaustive investigation. The night's scenes have turned backward the hands on the dial of our progress, we know not how far, and only the most vigorous measures can compel a rebound."

The taking of testimony was begun without delay. Warrants for the arrest of 100 men connected with the lynching are in the hands of Sheriff Horner. Five men were arrested up to noon yesterday. Someone, supposed to be a negro, fired two bullets early yesterday morning into the house of S. P. Fielder, a traveling man. Fielder is the father of Ollie Fielder, the young woman whom Leslie Peters was escorting home Monday night when, being attacked by two negroes, he shot and killed one of them. Several hours later two bullets were fired through the windows of the bedroom occupied by Mrs. Fielder and her three babies. No one was hurt, but the family became panic-stricken. Mr. Fielder was away at the time.

Investigating Boycott.

As stated in the Gazette of that day causes for the Chinese boycott of American goods were inquired into yesterday by the Senate committee on immigration in compliance with a resolution introduced by Senator Tillman. Chas. Denby, chief clerk of the State department, who for 20 years was in China attached to the American Legation and later holding positions under the Chinese government following the Boxer outbreaks, was before the committee.

Mr. Denby said it was reported that the boycott was instigated by the Chinese minister in this country to give an incentive to treaty negotiations. "Do you think that Mr. Wu, the former Chinese minister to the United States had anything to do with it?" asked Senator Lodge.

"Well, I think the boycott as an effective implement must have been thought of by an intelligent Chinese official who has visited this country," replied Mr. Denby.

Mr. Denby said the first open manifestation of the boycott had been in 1904, and he then traced the movement to the present day. He said the boycott now apparently was nearly dead, but that the spirit was latent and easily could be stirred to life with great fury.

Asked concerning modifications to the exclusion laws which would be likely to allay the anti-American feeling, Mr. Denby said, that the Chinese government takes little interest in its coolie class and the concessions must be to the privileged classes. A modification of the laws excluding laborers, said Mr. Denby, would not appeal to the Chinese national pride, which is a new characteristic.

"Is this pride growing?" he was asked.

"Well it has grown so strong that it induced American financiers to part with the best railway concession in China," replied Mr. Denby.

The national pride of the Chinese was attributed by Mr. Denby to a desire to emulate the Japanese.

Suction of a Train.

The peril of standing too near to flying railroad trains was shown at Mammoth, Westchester county, Saturday afternoon, when Robert Coward, deputy county clerk, was caught in the suction of the Boston express on the New York, New Haven and Hartford Railroad, dragged 40 feet and instantly killed. It is not an unusual thing for persons to test the sensation of standing near a train passing at a high rate of speed. The train in this case was going at the rate of 60 miles an hour, and the displacement of air in such a case is terrific, causing a rush of it in the immediate vicinity which even strong men sometimes cannot resist. Many persons seem to think that so long as they do not get on the track they are in no danger. If they will give a little thought to the matter they will see their mistake. Moreover, there is always the possibility of something projecting from the train which will strike one standing close to the tracks. Stand back and give the air currents as well as the train right of way. [Rochester Democrat and Chronicle.]

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers twenty-five years. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease, her advice has been freely given to sick women.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has drawn from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.—Lydia E. Pinkham Medicine Co., Lynn, Mass.

Following we publish two letters from a woman who accepted this invitation. Note the result:

First letter.

Dear Mrs. Pinkham:—For eight years I have suffered something terrible every month. The pains are excruciating and I can hardly stand them. My doctor says I have a severe female trouble, and I must go through an operation if I want to get well. I do not want to submit to it if I can possibly help it. Please tell me what to do. I hope you can relieve me.—Mrs. Mary Dimmick, 30th and E. Capitol Streets, Washington, D. C.

Second letter.

After following carefully your advice, and taking Lydia E. Pinkham's Vegetable Compound, I am very anxious to send you my testimonial, that others may know their value and what you have done for me.

A Young Mother of 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters, which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick, of Danforth, Me. Greatest restorer of the system, the blood, the liver and kidneys right, purifies the blood and cures Malaria, Filariasis and Weakness. Wonderful Nerve Tonic. Price 50c. Guaranteed at E. S. Leadbeater & Sons' drug store.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Gibson and Timberman and W. F. Creighton and Company.

Can you believe your senses?

When two of them, taste and smell, having been impaired if not utterly destroyed, by Nasal Catarrh, are fully restored by Ely's Cream Balm, can you doubt that this remedy deserves all that has been said of it by the thousands whom it has cured? It is applied directly to the affected air passages and begins its healing work at once. Why not get it today? All druggists, 50c, or mailed by Ely Bros., 55 Warren Street, New York, on receipt of 50 cents.

Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

I can walk miles without an ache or a pain, and I owe my life to you and to Lydia E. Pinkham's Vegetable Compound. I wish every suffering woman would read this testimonial and realize the value of writing to you and your remedy."—Mrs. Mary Dimmick, 30th and E. Capitol Streets, Washington, D. C.

When a medicine has been successful in restoring to health so many women whose testimony is so unquestionable, you cannot well say, without trying it, "I do not believe it will help me."
